Further details below.

If you have any questions about any of the sessions, please contact the maths events team [here](#).

WINCHESTER
COLLEGE

Eligibility

All our maths outreach activities are designed to stretch able and enthusiastic pupils and are not generally suitable for those who struggle with mathematics. Our activities are often oversubscribed which we know is disappointing for many. Unsuccessful applicants are automatically placed on the relevant waiting list.

Descriptions

FMC Club

A club loosely aimed at preparing pupils for the First Maths Challenge, a national competition run by the [MA](#).

FMC

A national contest for pupils in year 3 and year 4. All those not sitting the challenge in their primary schools are welcome to sign up even if they do not attend the preparation sessions (we hope to be able to accommodate everyone).

FMC Celebration

An event for pupils who sat the FMC at the College, each of whom may bring a guest. The celebration includes the presentation of certificates and a short mathematical talk.

PMC Club

A continuation of our year 5 and 6 maths club.

Year 10 Maths contest

A contest for local secondary schools. Each school may bring up to two teams of four students.

Maths Lecture

Dr Lukas Brantner (University of Oxford) will lecture on:

The lecture will be on Tuesday 13 May at 19:30 and last about an hour. While primarily aimed at 6th formers, much of the lecture should be accessible to enthusiasts in year 9 and up.

Sixth form Maths Club

A club for sixth formers considering maths at university. Topics discussed are not explicitly focused on competitions,

Winchester Maths Summer School

A one week residential summer school for year 12 pupils from maintained sector schools who wish to study maths at university. Further details, and the application form, can be found [here](#).

If you have any questions about any of the sessions, please contact the maths events team [here](#).
